

Victorious ★ Arts

Victorious Arts Private Ltd has been formed by a group of professionals enthusiastic in gymnastics and arts. Our programs combine the concepts of pre-school education from both the East (China) and the West (UK). Our programs have been successfully launched in many kindergartens, pre-schools and childcare centers in Singapore.

We provide international level gymnastics and rhythmic gymnastics instructors to train children through music and fun games.

Our instructors were from national gymnastics team from China and they taught in the Singapore national team, international school as well as main stream early childhood, primary and secondary schools such as Hwa Chong Institution and Raffles Girls' School.

We give children opportunities to learn and succeed in future.

When East meets West

There has never been a better time to teach your children the importance of exercise.

Let me introduce myself, I am Mike Clarke from the North West of the U.K. I have been involved with sports all my life, team sports such as Football, Rugby through to bodybuilding, Gym and martial arts. I am a

qualified sports therapist and have worked with professional rugby and football teams helping to train the athletes back to fitness after injury.

I have recently been working with VICTORIOUS ARTS PTE LTD as a consultant, and have been very impressed with the work I have seen in the children's gym activities.

We hope to join the Western ideas for child gym activities with Eastern methods to give the children in the gym a wider view on exercise and gym work. By making it fun and using activities and lessons used every day in U.K. schools we hope to provide first class gym activities for the children.

I look forward to meeting and working with you soon.

Best wishes

Yours in sport

Mike Clarke
Consultant
